Subject: Detrex Natural Flavorings Statement

To whom it may concern,

Detrex Chemicals hydrochloric acid is produced from elemental chlorine and hydrogen and ultra-pure water. No other compounds are used or introduced to our hydrochloric acid, including any flavorings. Detrex Chemicals conducts a thorough analysis of each product batch, and periodically has our analytical results independently verified by third party laboratories. This statement certifies that Detrex Chemicals hydrochloric acid products are flavor free, including any and all-natural flavorings.

Sincerely,

A handwritten signature in black ink that reads "Dave Morgan". The signature is written in a cursive style with a large, looped "D" and a stylized "M".

Dave Morgan  
Global Product Manager, Hydrochloric Acid
