Subject: Detrex Irradiation Free Statement

To whom it may concern,

Detrex Chemicals hydrochloric acid products are made using a direct synthesis process using only high purity hydrogen, chlorine and DI water. The hydrochloric acid product from our process is chemically pure with very few trace contaminants or elemental impurities.

Detrex Chemicals does not irradiate our hydrochloric acid products nor does our supplier base irradiate the raw materials supplied to Detrex Chemicals.

Sincerely,

A handwritten signature in black ink that reads "Dave Morgan". The signature is fluid and cursive, with the first name "Dave" and last name "Morgan" clearly legible.

Dave Morgan
Global Product Manager, Hydrochloric Acid
