Subject: Detrex Non-Halogenated Flame Retardants Statement

To whom it may concern,

These compounds are not used by Detrex Chemicals in the production and packaging of hydrochloric acid. While we do not routinely test for these compounds, to the best of our knowledge we have no reason to suspect they may exist in our hydrochloric acid Products.

Sincerely,

A handwritten signature in black ink that reads "Dave Morgan". The signature is fluid and cursive, with the first name "Dave" and last name "Morgan" clearly distinguishable.
