Subject: Detrex Animal Testing Free Statement

To whom it may concern,

Detrex Chemicals hydrochloric acid products are made using a direct synthesis process using only high purity hydrogen, chlorine and DI water. The hydrochloric acid product from our process is chemically pure with very few trace contaminants or elemental impurities.

We do not perform or outsource any animal testing to manufacture or certify our products.

To the best of our knowledge, Detrex Chemicals hydrochloric acid products are free of all animal testing.

Sincerely,

A handwritten signature in black ink that reads "Dave Morgan". The signature is written in a cursive style.

Dave Morgan
Global Product Manager, Hydrochloric Acid
